The organizing is progressing well and soon the details of the Day will be available and Registration encouraged.

#### VACATION BIBLE SCHOOL (VBS) IN 2010

There are follow-up telephone calls /emails to all pastoral charges within Halton Presbytery and individuals to further document how VBS will be organized.

Principles arrived at thus far are: 1. There cannot be one curriculum so we need different curricula. 2. There should be a combination of spiritual lessons and fun. 3. Some Churches will work alone and others in Teams. 4. Some Churches have people resources and some don't. 5. All volunteers must have a police check. Place and time will be flexible.

Respectfully Submitted,
